### MARVEL BULLPEN BULLETIN

### MORE MIRTHFUL, MONUMENTAL, MIND-STAGGERING MEMORANDA FROM YOUR MARVEL MADMEN!

HOW ABOUT THAT! Have you noticed how everybody seems to be talking about Marvel lately? Ol' smilin' Stan was interviewed on the Tony Marvin radio program "The World Today" (Mutual Network) in the early part of October, and has a number of other radio interviews scheduled as well. The Sept. '65 ish of ESQUIRE included the Hulk and Spidey among the 28 people who count most on campus! Other national mags, too numerous to mention here, have also been spreading the word about Marvel, while many collegiate publications (including U.C.L.A.'s PELICAN) have asked for permission to do write-ups about the merry Marvel croze which is sweeping fandom! We kinds thought you madesp Marvelites would like to know the company you're int

DIDJA KNOW? Didja know that you serious collectors can build a complete file of all our early super-hero stories by not missing an ish of the sensational giant-sized 25¢ MARVEL COLLECTORS' ITEM CLASSICS. on sale every three months! (Of course, it'll take a few centuries for us to reprint ALL our early epics in this manner, but think of the fun you'll have growing old with Marvell)-Didja know our mail has been running a zittion to one in FAVOR of continued stories, although we've been printing more of the negative reactions because they're usually more provocativel-Didja know that lots of Marvelites have been coloring the drawings of our cavortin' characters which appear on your Marvel stationery kits, and they look terrif that way! Just a suggestion, pussycat!-Didja know that the first Dr. Strange to appear in the wonderful world of Marvel was actually a VILLAIN! He was featured in one of the earliest Iron Man yarns, (And don't embarrass us by asking which ish - naturally we've forgotten!)

STRICTLY PERSONAL! STAN G., our curlyhaired, mustachioed demon artist/colorist has just drawn an ad for one of the biggest soft-drink companies. (its initials are No-Call) If you're in the Times Square area, you can see it on the biggest biliboard in sight. Otherwise, you'll have to wait till it gets to your neck of the woods. But, you can't fail to recognize it-the gals look like the dolls from the MILLIE THE MODEL mag which Stan draws, natch! . . . How many of you know that MICKEY SPILLANE, the world-famous author of the MIKE HAM-MER series, used to scribble scripts for the Marvel bullgen? In fact, Mike once advised Stan to take a comic script, jazz it up just a bit, and he'd end up with a swingin' novel! Well, maybe one of these days—!
. . . Remember of BILL EVERETT, the Golden Age great who created SUB-MARI-

NER, and who also did the first ish of DAREDEVIL? Bill is henkering to rejoin the bullpen again, on a permanent basis, and we're all hoping he will! His style is as exciting as KIRBY's, as different as DIT-

KO's, and as unforgettable as AUSTIN's! More about Bill later. . . ROY THOMAS, our newest Marvel maniac, is probably the only editorial-staffer who can read hieroglyphics! (Although it's been so long since he tried, that he now claims he can just barely remember the diff between an owl and an ibis!) Next week we're gonna try him on Sanskrit! (Although who could tell if he did it right or not?)

DEPARTMENT OF UTTER CONFUSION! As most of you know, our Mervel masterworks are sold in practically every part of the free world! Whether you live in South Africa or Siam, Paris or Portugal, you've no excuse for missing an ish! (And we're checking on you every minutel) But, did you know how each country changes the various names in each mag? For instance-Maryelmania has been sweeping most of Mexico these days. But, in translating our yerns into Spanish, some of our syncopated super-heroes are re-christened in this way: The HULK becomes La MOLE (two syllables, meaning bulk, or mass)! The THING finds himself called EL COLOSO (the colossal one)! And DAREDEVIL is translated as EL DYNAMO! (This incredible information is unconditionally guaranteed to do you absolutely no good whatsoever!) Wait! There's more! Guess what DR. STRANGE is known as, south of the border? Aw, someone must have told you! How'd you know it was DR. CENTELLA (Dr. Spark!)? Anyway, our tantalizin' titles are sold thruout Latin America with one exception—the bearded one has banned all comic books in Cuba as subversive literature! That's probably the nicest compli-

# NGEMAILS

Dear Bullpen Gang,
As agent 2441 of the M.M.M.S., it is my duty to inform
you that your newest strip, AGENT OF SHIELD, is the greatest! I think if you stick to the possible in your stories, instead of getting too far out, you'll be better off. After all, it has been the realism in your stories that makes them the success they are. I just received my Marvel sta-tionery and it's great, except for one thing—on the back of the portfolio you had Nick Fury's autograph. Now all the Hydra baddies can forge his signature. Boy, what a mess you caused! And where was Irving Forbush's autograph? Dan O'Leary, 1103 Lynda Lane

Arlington, Texas

We wouldn't dare include it, Danny. If you're worried about Hydra copying Colonel Fury's autograph, think how we'd feel if Brand Echh copied Honest Iry's! Sheeesh!

Dear Stan,

In spite of what anybody else says, AGENT OF SHIELD is the best strip ever to hit the stands!!! STRANCE TALES #140 was great. At first I was mad at the coming end of Hydra, but then I figured that if Shield's first enemy was such a spectacular success, the second one'll be that much better!!! I'm glad Dormammu finally came to fight Doc Strange in person, but Mordo had his nerve, shooting spells when Doc's back was turned! He thinks his spelling is so hot! If I ever bump into him, I'll prove I can spell Supercalifragilisticexpialidocious faster! And I really dig that Hydra skateboard unit! Man, that's really way out!

Jeff Wieselberg, 363 Briarcliffe Road Teaneck, N. J. 17666

Aww, let's not use those kinds words any more, okay, Jeff? Three of our proof-readers just quit after looking at your letter! (Okay, okay—we're puttin' you on! Anyone reading our mags can tell we never had three proof-renders!)

Dear Stan

Ish #139 of STRANGE TALES was great, especially the Doc Strange story. But one thing is bugging me-there are so many kooks trying to conquer the world it makes me dizzy! Hydra has just about conquered the world. Doctor Doom is going to conquer the world. Moleman wants to conquer the world. Kang is going to conquer the world. The evil mutants are trying to conquer us. The Mad Thinker wants to conquer us. The Leader isn't satisfled with conquering the world, he wants to conquer the universe! I could name some more, but I'm beginning to feel conquered! It takes some of the reality out of your stories when all these guys go around conquering! So slow down, or I'll sic Doc Strange on you!

Robert Krug, 224 131st Street New York, N. Y. 11694

Waddaya expect a full-fledged, card-carrying supervillain to do, Bobby-swipe gumdrops from the candy store? Besides, making plans to conquer the world keeps a fella out of the pool room!
